

Barcelona Biophotonics B2B convention

When?

23rd of October, 2014

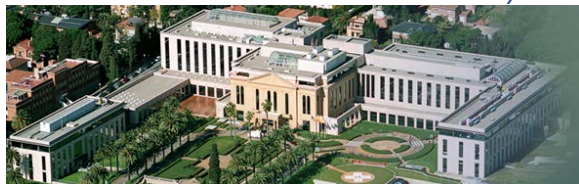

Where?

Hospital Quirón Teknon, Instituto de Fotomedicina (IF), Barcelona, Spain

The IF is part of the Hospital Quirón Teknon (www.teknon.es) and has medical and technical staff in **Photonics Medicine, Photobiology and Biomedical Engineering**. IF masters most of the high-tech light sources, especially, the laser. The IF stands as a meeting point for professionals from all specialties to access these advanced equipment used for diagnosis and treatment of both medical and surgical problems.

For more information please refer to IF webinar presentation at <http://www.fp7-oasis.eu/Downloads> or contact Mr. Gabriel Buendía directly at gbb@fotomedicina.com.

How to get there?

<http://tinyurl.com/mkqgwpj>

Objectives of the workshop:

- The event is oriented to roundtable discussions on 4 collaboration topics that IF staff will present from the point of view of end users of advanced photonic tools in medicine and is willing to collaborate in developing new innovative products;
- Presentation of the OASIS project, services to SMEs and networking.

Travel refund

There is a possibility of partial refund of SME travel expenses from project partners.

For any questions please contact your local OASIS representative:

<http://www.fp7-oasis.eu/Project-Overview/Team>

Agenda

Welcome

09:15 – 09:30

Registration, Coffee

09:30 – 09:40

Welcome and Introduction

OASIS project

09:40 – 09:50

OASIS presentation

09:50 – 10:00

First results of the project

Instituto de Fotomedicina

10:00 – 10:15

Instituto de Fotomedicina

10:15 – 11:00

Visit to TEKNON/Instituto de Fotomedicina

11:00 – 11:20

Coffee

Getting to know the SMEs

11:20 – 13:00

SME presentations (20x5mins)

Innovation & Networking

13:00 – 13:40

Presentation of collab. topics & discussion:

1. "Methods for tracing gold nanoparticles"
2. "Creating a real femtosecond laser"

13:40 – 14:40

Lunch

14:40 – 15:20

Presentation of collab. topics & discussion:

3. "Buiding the everyman's multiphoton microscope"
4. "Reinventing sterilisation"

15:20 – 15:40

Round table discussion, topic 1./Networking

15:40 – 16:00

Round table discussion, topic 2./Networking

16:00 – 16:20

Coffee

16:20 – 16:40

Round table discussion, topic 3./Networking

16:40 – 17:00

Round table discussion, topic 4./Networking

17:00

Wrap up and end of workshop
